EMPIRE EQUIPMENT NEWS

- **EQUIPMENT:** *Empire introduces our NEW 4848 Continuous Turntable System with a FOUR GUN ROTARY BLAST HEAD. The system was made available to provide a lower priced alternative to our CT-48RS and CT-53RS Continuous Turntable units.*
- **INDUSTRIES:** Automotive Parts Repair, Part Rebuild Centers, Cleaning Services
- **FEATURES:**
 - Model CT-4848-RS SRC 9 System with 24" Table
 - Variable Speed, 4 - Gun Rotary Blast Head
 - MH-3 Straight through Suction Gun
 - Front station allows for easy part handling
 - Secondary rotary hopper supplies media to all guns
 - Precision fixed orifice media flow control for each gun

SUMMARY: The 4848 Four Gun Continuous Turntable was developed to meet a specialized air blast-cleaning requirement within several industries. With the ability to handle smaller parts with reduced air consumption, this system opens up a broad range of lower production industries. The price is competitive and operating costs are in a very favorable range for many smaller businesses.

With the ability to handle smaller parts with reduced air consumption, this system opens up a broad range of lower production industries. The price is competitive and operating costs are in a very favorable range for many smaller businesses.

The system includes our CDC Cartridge Collector and a front load station. Table coating and other accessories are available to meet your customer's needs.

For more information on the above system, contact your Local Distributor, call Empire at (215) 752-8800 or visit our WEB SITE.
